Otiderm | Ear Cleansing

Otiderm Ear Cleansing Solution is specifically formulated to deodorize and gently clean, dry and acidify the ear canal. This provides an ideal environment for healthy ears. The pleasant smell increases pet owner compliance.

8 fl oz: #OTIDERM8

Ingredients:

Deionized water, Propylene Glycol, Aloe Vera Gel, SD Alcohol 40, Lactic Acid, Glycerin, Glycerin, Dioctyl Sodium Sulfosuccinate, Salicylic Acid, Fragrance, Benzoic Acid, Benzyl Alcohol.

Syner-G | Digestion Aid

Syner-G is a food enzyme supplement that aids in digestion and nutrient absorption. It also helps with gas reduction, bloating, allergies and shedding in dogs and cats. Syner-G is a supplement that can effectively improve the overall health of dogs and cats.

200 Chewable Tablets: #SYNERG200
454 gm Granules: #SYNERG454

Enzyme Activity Per Tablet:

(All values are minimum quantities unless otherwise stated.)

Vitamin E (Aspergillus oryzae var.).....2000 SKBU/gm
Lipase (Aspergillus niger var.).....200 LU/gm
Cellulase (Aspergillus niger var.).....50 CCHU/gm
Protease (Ananas Comosus).....8 GDU/gm

Other Ingredients: Lactose, Liver Powder, Dried Aspergillus Oryzae (var.) Fermentation Product, Dried Aspergillus Niger (var.) Fermentation Product, and Dried Bromelain Derived from Ananas Comosus. Flavor is from human food grade, Hydrolyzed Vegetable Protein, (which is derived from Soy).

Ora-Cleans | Dental Rinse & Wipes

Ora-Cleans contains anti-microbial, anti-plaque and anti-calculus properties to aid in tooth and gum disease prevention.

Ora-Cleans also reduces bacteria that cause bad breath.

8 fl oz rinse: #ORACLENS
50 ct wipes: #P5922

Ora-Cleans Dental Rinse Ingredients:

Sorbitol, 0.13% Chlorhexidine Gluconate, Zinc Acetate, 0.050% Cetylpyridinium Chloride, Flavor. Alcohol-free.

Ora-Cleans Dental Wipes Ingredients:

1% Chlorhexidine Gluconate and Sodium Hexametaphosphate.

Vita-Soothe | Hypoallergenic Shampoo for Dogs & Cats

Vita-Soothe Aloe and Oatmeal shampoo provides relief from itchy, scaling and sensitive skin. This hypo-allergenic formulation also contains aloe, oatmeal, vitamins and emollients to restore natural moisture to the skin. Approved for use on pets in conjunction with monthly Flea control like Frontline® or Advantix®.

17 oz: #VITASOOTHE

Ingredients:

Concentrated Surfactant Blend (Detergent and Soap-Free), Aloe Vera, Vitamins A, D, EGDS EDTA (Sequestrant), Glycerin, Glyceryl Stearate, Wheat Germ Glycerides, Hydrolyzed Oat Proteins, Blend of Botanical Extracts, Almond Oil, Proprietary Blend of Skin and Coat Conditioners and Moisturizers, Yellow #5, DMDH Hydration, Deionized Water.

Vitasone | Topical Spray

Anti-inflammatory with Aloe & Oatmeal

Vitasone is a unique leave-on spray conditioner for hot spots and other cases where topical hydrocortisone may be of use. Vitasone is easy to apply and allows for prolonged contact time of the ingredients with the hair, coat and skin. This product does not leave any oily or sticky residue on the hair coat.

4 fl oz : #VITASONE4
8 fl oz : #VITASONE8

Ingredients:

Hydrocortisone .5%, Aloe Vera and Hydrolyzed Oat Protein in a leave-on dry-on spray conditioner base.

Urinase

Odor & Stain Eliminator

Urinase triple-action formula is a proprietary blend that works on the molecular level to absorb, counteract and neutralize malodor. There is no need to pre-treat affected areas before applying Urinase. Unlike enzymatic products, Urinase is effective after soaps and detergents have been used.

8 fl oz : #UOSE8SP
16 fl oz : #UOSE16SO
1 gallon: #UOSE1GAL

Ingredients:

Uses Encapsulation Technology.

Urinase | Enzymatic Formula

Odor & Stain Eliminator

The Urinase Enzymatic triple-action formula utilizes bacteria, enzymes, odor suppression (OST) and surfactants.

Scientifically formulated for use in areas where pet soiling and build-up of malodors reside. Urinase Enzymatic is a synergized blend of selectively adapted microorganisms that provide maximum breakdown and removal of organic substances. Urinase Enzymatic is non-toxic and biodegradable, works without the use of dangerous bleaches, harsh acids or corrosive chemicals. Provides immediate and permanent odor relief upon contact with our exclusive Odor Suppression Technology (OST). Attacks and destroys organic malodor.

32 fl oz : #UOSEE32

Ingredients:

Bacteria & enzymes, odor suppressant (OST) and surfactants suspended in an aqueous solution.

Uses exclusive Odor Suppression Technology (OST).

ChloraSeb | Antiseptic Formula

ChloraSeb is an antiseptic (antibacterial and antifungal) solution for the topical management of skin conditions that are responsive to chlorhexidine and ketoconazole.

8 fl oz Shampoo: #KETOCONCHLOS8
 12 fl oz Shampoo: #KETOCONCHLOS12
 8 fl oz Spray: #KETOCONCHLOSP8
 12 fl oz Flush: #KETOCONCHLOF12
 50 Pledge Wipes: #KETOCONCHLO50P

Active Ingredients:

Chlorhexidine Gluconate.....2%
 Ketoconazole.....1%

Active Ingredients - Pledge Wipes

Chlorhexidine20 mg
 Ketoconazole.....17 mg
 Alcohol-based solutions

EfaLyt | Hypoallergenic Formula

EfaLyt™ is a gentle, hypoallergenic formulation to moisturize skin. Contains natural moisturizing factors and essential fatty acids for conditioning of hair coat and replenishment of the epidermal barrier. Aids in the control of flaking and scaling.

12 fl oz Bath Oil : #HABATHOIL12
 12 fl oz Shampoo: #HASHAMPOO12
 12 fl oz Creme Rinse: #HACREMER8

Ingredients - Bath Oil:

Water, sodium lactate, mineral oil, PVP, polysorbate 60, safflower oil, diazolidinyl urea, lanolin oil, methylparaben, PEG-4 dilaurate, oleth-2, propylparaben, fragrance, sodium dehydroacetate.

Ingredients - Shampoo:

Water, Sodium C14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Vitamins A, C, E & F, PEG-120 Methyl Glucose Dioleate, Aloe Vera Gel, PEG-75 Lanolin, Polysorbate 20, Safflower Oil, Sodium Chloride, Sodium Hyaluronate, FD&C Yellow No. 5, FD&C Blue No. 1, Methylchloroisothiazolinone, Methylisothiazolinone, Fragrance. May contain citric acid to ensure optimal pH.

Ingredients - Creme Rinse:

Water, quaternium-18, cetearyl alcohol and polysorbate 60, stearamidopropyl dimethylamine lactate, sodium lactate, safflower oil, hydrolyzed collagen, PEG-8 stearate, glycerin, polyquaternium-7, fragrance, methylchloroisothiazolinone, methylisothiazolinone.

Sulfox | Antiseborrheic Formula

Sulfox™ is a powerful cleansing and degreasing shampoo for the relief of scaling and itching associated with skin infection, seborrheic disorders, and follicular plugging on dogs, cats, and horses. Citrus scented, soap-free free, with lathering shampoo base.

12 fl oz Shampoo: #BENZPEROX12

Ingredients:

Concentrated Surfactant Blend (Detergent and Soap-Free), Aloe Vera, Vitamins A, D, EGDS EDTA (Sequestant), Glycerin, Glyceryl Stearate, Wheat Germ Glycerides, Hydrolyzed Oat Proteins, Blend of Botanical Extracts, Almond Oil, Proprietary Blend of Skin and Coat Conditioners and Moisturizers, Yellow #5, DMDH Hydration, Deionized Water.

LumiLyt | Whitening Formula

LumiLyt™ shampoo for enhanced brightness of pet's haircoat, is formulated to restore natural radiance and luster of the haircoat. Contains natural colloidal oatmeal to condition the skin and soothe irritation and is ideal for grooming and coat manageability.

12 fl oz Shampoo: #OATPEARLSWS12

Ingredients:

Concentrated Surfactant Blend (Detergent and Soap-Free), Aloe Vera, Vitamins A, D, EGDS EDTA (Sequestant), Glycerin, Glyceryl Stearate, Wheat Germ Glycerides, Hydrolyzed Oat Proteins, Blend of Botanical Extracts, Almond Oil, Proprietary Blend of Skin and Coat Conditioners and Moisturizers, Yellow #5, DMDH Hydration, Deionized Water.

Dosage Index

Vita-Tabs Silver | Older Dogs (PG. 13)

Daily Administration	
Size of Dog	Serving
Up to 20 lbs	1/2 Tablet
20 lbs & Over	1 Tablet

Otiderm (PG. 13)

Directions
Apply liberally into the ear canal. Massage the base of the ear. Allow pet to shake head. Clean excess with a cotton ball. In excessively dirty ears: apply 2-3 times daily over several days. For maintenance of healthy ears: 1-2 times weekly or as often as recommended by your veterinarian. Always apply after swimming.

Syner-G | Tablets (PG. 14)

Directions
Administer 1 tablet for each cup of food. Tablets can be crumbled over food. Dosages should be doubled for companion animals eight years of age or older.

Vita-Soothe (PG. 14)

Directions
Wet pet thoroughly with warm water. Apply enough Vita-Soothe Shampoo to make a rich lather. Work shampoo from head to hindquarters. Let stand for approximately 5-10 minutes then rinse thoroughly. For best results repeat process.

Syner-G | Granules (PG. 14)

Directions
Add 1/4 teaspoon (1 teaspoon scoop included) to each cup of food. Dosages should be doubled for pets eight years of age or older.

Ora-Clens (PG. 14)

Directions
Shake well before each use. Rinse daily following each meal or as directed by your Veterinarian. Hold bottle upright, below your pet's field of vision. Gently lift the upper lip to expose the teeth and gums. Point and squeeze to apply a gentle stream along the gum line. Ora-Clens dispenses rapidly and completely covers the entire oral cavity, even hard-to-reach areas. Avoid touching the gum with the applicator tip to avoid injury in case your pet moves.

Vitasone (PG. 15)

Directions
Shake well before use. For dry application-apply directly and allow to dry on coat. For wet application or after shampooing-remove excess moisture and apply directly to skin by parting hairs, then continue grooming as usual.

Urinase (PG. 15)

Directions
Remove excess urine by wiping or other method. Apply to affected area; let dry. Tips for best results: Use liberal amount (1 to 1 ratio of Urinase to pet urine) to ensure contact with all affected area. This ensures contact with all odor molecules. Spot test before using.

Urinase Enzymatic Formula (PG. 15)

Directions
Shake well before using. Test carpet fabrics for colorfastness prior to use. Remove excess urine by wiping or other method, saturate contaminated area with Urinase Enzymatic. Blot with a dry towel until no transfer occurs. Repeat if needed. Follow with water rinsing if needed, allow to air dry.

ChloraSeb Antiseptic Shampoo (PG. 16)

Directions
Shake well before use. Wet the hair coat with warm water and apply a sufficient amount of shampoo to create a rich lather. Massage shampoo into wet hair coat, lather freely. Rinse and repeat. Allow to remain on hair for 5 to 10 minutes, then rinse thoroughly with clean water. May be used initially 2 to 3 times a week for 4 weeks, then reducing to once a week, or as directed by your veterinarian.

ChloraSeb Antiseptic Spray (PG. 16)

Directions
Spray directly onto the affected area(s) up to 3 times daily, or as directed by veterinarian. Do not allow animal to lick the treated areas until dry to prevent ingestion.

ChloraSeb Antiseptic Flush (PG. 16)

Directions
Apply liberally to affected area. Use cotton or absorbent material to clean excess solution. Do not allow animal to lick the treated areas until dry to prevent ingestion. Apply twice daily or as directed by your veterinarian. Wash hands after using.

ChloraSeb Pledget Wipes (PG. 16)

Directions
Thoroughly wipe affected area with a pad 1 to 3 times per day, or as directed by your veterinarian. Do not allow the animal to lick the treated areas until dry to prevent ingestion. Wipes should be used for one application only; do not reuse. Avoid use on open wounds, cuts, or raw areas (use flush instead).

Efalyt Hypoallergenic Bath Oil (PG. 16)

Directions
Shake well before use. As a rinse, add 5 capfuls to one-half gallon of warm water, mix thoroughly and pour mixture evenly over haircoat. Gently rub into haircoat, then towel dry. May be used daily, or as directed by a veterinarian.

Efalyt Hypoallergenic Shampoo (PG. 16)

Directions
Wet coat thoroughly. Apply sufficient shampoo to lather well into hair coat. Rinse thoroughly. May be used as often as necessary.

Efalyt Hypoallergenic Creme Rinse (PG. 16)

Directions
After bath creme rinse for improved luster and sheen of haircoat. Reduces static electricity, tangles and snarls.

Sulfox Shampoo (PG. 16)

Directions
Shake well before use. Wet the hair coat with warm water. Apply and lather first on the affected area then apply and lather on the entire hair coat. Allow to remain on hair for 5 to 10 minutes then rinse thoroughly with clean water. Repeat if necessary. May be used 2 to 3 times per week or as directed by your veterinarian.

Lumilyt Whitening Shampoo (PG. 16)

Directions
Wet coat thoroughly. Apply sufficient amount to lather well into haircoat. Rinse thoroughly. May be used as often as necessary.
